

Features :

- * Shock Resistant - Excellent for applications where using electric equipment is hazardous.
- * Speed/Torque control - Shaft rotation can be set at optimum speed for each application.
- * Versatile - Interchangeability of different size flexible shafts and cleaning tools
- * No Tooling - Quick disconnect for flexible shaft.
- * Easy maneuverability - Large Wheels.
- * Cleanliness - Foot pedal for operator convenience to activate shaft rotation and water flow to reduced water consumption and cleaner working area.
- * Time Saving - Simultaneous water flush to remove deposits from tubes

NOTE: As per the customer requirement ,we can provide the machine with Stainless Steel Cover & Chasis

BHARATFLEX Model BPTC- 400 Extra Heavy Duty Pneumatic Tube Cleaners Machine includes lubricator, regulator, air filter, adjustable speed/torque control, mobile dolly, air foot pedal and tool storage box. The BPTC- 400 uses a cleaning tool mounted to the tip of a flexible shaft, which is available in different lengths and diameters to fit the size of the tube to be cleaned. For wet applications as the shaft rotates inside its watertight nylon casing, the unit feeds water through the casing to the cleaning tool. A foot pedal controls shaft rotation and flow. While the operator feeds the rotating shaft assembly through the tube, the water flushes out deposits as they are loosened.
